

Environmental Engineering Basic Science Electives

Students must complete **two basic science electives**:

- One Earth Systems Science course approved for GE II
- One Biological Sciences course approved for GE II

Environmental Engineering Lower-Division Technical Elective

Students must take **one course** from the following:

Engr 7A & 7B*	EECS 70A
CBEMS 45A	ENGR 54
ENGRCEE 80	

Environmental Engineering Electives

Students must take **five courses**: two each from two groups and one course from the remaining group:

Water Supply and Resources		Environmental Processes	Atmospheric Systems and Air Pollution Control	
ESS 132	ENGRCEE 173	ENGRCEE 163	ENGRMAE 110	ESS 112
ENGRCEE 171	ENGRCEE 176	ENGRCEE 164	ENGRMAE 115	ESS 142
ENGRCEE172	ENGRCEE 178	ENGRCEE 165	ENGRMAE 164	ENGRCEE 195

Notes:

-
- *ENGR 7A & 7B must both be taken to count as a lower division technical elective. ENGR 7A & 7B are available only to first year student in Fall & Winter quarters.
 - Students must complete a minimum of **19 units** of engineering design. Speak with an advisor for official count.
