

Satisfactory Academic Progress Agreement for Engineering Transfer Students

I understand that I am required to make Satisfactory Academic Progress (SAP) in order to remain in good academic standing. Making SAP includes:

1. Maintaining at least 12 units each quarter.
2. Maintaining at least a 2.0 quarterly GPA each quarter.
3. Maintaining a cumulative GPA of 2.0 or higher.

If I fail to meet SAP requirements, I understand that I will be placed on Academic Probation (AP) for the period of at least 1 quarter.

I also understand that during my 1st year as an Engineering **transfer** student, being Subject to Disqualification (quarterly GPA below a 1.5 or being on AP for 2 consecutive quarters) may result in my being required to exit the School of Engineering and I may not be given the option to appeal to remain in Engineering. I will work with an academic counselor to develop a plan of study to facilitate a change of major if I cannot remain in Engineering.

I acknowledge that I have been made aware of the academic resources that are available to me on campus. These resources include but are not limited to CODE tutoring, departmental tutoring and LARC.

Please note that this SAP agreement is with The Henry Samueli School of Engineering **ONLY**. It does not partner with or supersede any SAP agreement with the Financial Aid Office.

By signing below, I confirm that I have read and understand the Satisfactory Academic Progress policy.
