

Using Schedule of Classes

1 Navigate to:
<https://www.reg.uci.edu/perl/WebSoc>

2 Select a quarter/term.

3 Select your class's department.
(EECS, CSE, BIO, SOC, MAE, etc.)

4 Display all related courses.
You can also press the bottom one for the same effect!

5 A screen like the one below will appear.
Find your desired course (and its necessary sections) amongst the list and record the relevant information.

6 Return to WebReg and input the requested information you recorded to enroll.

Schedule of Classes

Summer 2020
Summer courses will be taught remote and online.

Academic Year 2020-2021
Some or all instruction for all or part of Academic Year 2020-2021 may be delivered remotely. Though the Schedule of Classes may be subject to change based on evolving public health considerations, at this time we expect that students can rely on the currently scheduled class times for Fall 2020 to remain constant, regardless of mode of instructional delivery, and students should enroll accordingly. WebReg will not allow students to enroll in classes with overlapping times; students need to ensure they do not enroll in classes that have overlapping final exam periods.

(Specify as many fields below as you want, but ONE or more of the red asterisk "*" fields MUST be specified)

 Show finals schedule

General Education (Breadth): Do not filter for General Education (GE) categories

* Department Name: Include All Departments

Course Number or Range: H2A, 5, 10-20 (multiple entries ok)

Course Level: Any course division

* Course Code or Range: 14200, 29000-29100

* Instructor: Smith

Course Title Contains: protein

Course Type: All Course Types

Units: 3, 4, or VAR

Days: MWF, TuTh, W (courses will include all days specified)

Starting Time After:

Ending Time Before:

Maximum Capacity: >50, <20

Courses Full Option:

Web Font Size Percentage: 100 (80, 100, 150)

Cancelled Courses: Exclude cancelled courses

Meeting Place: Building code Room

PREREQUISITES: All undergraduate Engineering courses strictly enforce published prerequisites. Courses with co-requisites may require you to enroll in the co-requisite first, before enrolling in the course. (Example: enrolling in EECS 170A and EECS 170LA. A student may need to enroll in EECS 170LA prior to enrolling in EECS 170A.) If you are unable to enroll and you completed any prerequisites at another college or university, you will need to petition for course authorization. Please fill out the "Course Authorization" form, and click submit. The student will receive a response within 3-5 business days from an Academic Counselor.

Undergraduate Engineering forms are located at <http://undergraduate.eng.uci.edu/forms>

DEFICIENT GRADE: Students earning a deficient grade in a prerequisite course after enrolling will be dropped after the first week of class. Students should address any prior grade issues (NR, I, etc.) before the end of Week 1.

FOR ENROLLMENT ASSISTANCE: If you encounter an enrollment problem please email engcasa@uci.edu or check for schedule updates, restriction changes, and changes to course capacities at <http://bit.ly/2020-21UCIEngineeringTeachingPlan>.

Displays the 5-digit Course Code needed to enroll and what section of course it is: (Lecture, Discussion or Lab)

The left value is the maximum capacity of that section (excluding waitlist).

The right value is the number of students currently enrolled in that section.

Displays which room a section will take place in (such as room ELH 100).

Online sections will display "VRTL REMOTE"

Which day(s) that section will take places, and what time slot it occupies on those days.

NOTE THAT:

- Tu = Tuesday and Th = Thursday
- If you see a "p" next to a time, it means PM. Otherwise, assume the time is AM.

When you get more accustomed to using SOC, you can also try inputting your Course Number in the Course Number field. (Such as the "112L" in "EECS-112L") to narrow your searches more.
