[The OAI Study Center](#) is the home of the Peer Mentoring Program. It is located in 201 REC. The Study Center is used for group study sessions, quiet studying, as well as a meeting place for many of the OAI clubs. We provide FREE one-on-one mentoring and academic support for engineering pre-requisite courses (math, physics, chemistry, and programming), lower division engineering courses as well as many upper division courses.

All of our mentors are current UCI graduate students who have taken the courses and done well. In addition to their academic success, they are also patient, friendly and committed to their tutees. You are free to drop in as frequently as you like so use them often.

All mentoring takes place in the OAI Study Center (2nd floor of REC, ROOM 201)

*****You are more than welcome to ask them about their experiences as graduate or undergraduate students*****

If the mentor you are looking for is not available, please check the website for changes or email oai@uci.edu

Check out 4.0 Club, a weekly study lounge hosted by OAI on Monday evenings from 7-9pm in the Harut Barsamian Colloquia Room (EH 2430). 4.0 gurus & mentor-tutors are available to help students with school work, involvement with campus life and campus resources. Food is provided each session.
